No. 153

FORCES ARE UNFIT

TO UPHOLD BRITAIN'S PRESTIGE

Earl Roberts Creates a Sensation by His Speech on the British Military System

London, July 11.—Earl Roberts created a sensation in the House of Lords last evening when in a well-considered speech, he deliberately expressed the opinion of a practical soldier that the military forces of England were imperfectly trained and totally unfit to uphold Great Britain's prestige as a first class power. He did not blame the Government, which, he said, was actuated by the national feeling of the people, who he said, showed no national feeling towards the military until danger arose.

RAILWAY COMMISSION

The Canadian Railway Commission will hold sittings at Fort William on September 7; Winnipeg on September 11, and in New Westminster, B.C., on September 19. The board will not sit at other points in Western Canada unless for the purpose of hearing complaints which shall have been formally made to it in writing, and duly served upon the railway companies, or other parties interested. In sufficient time to have become ripe for hearing under the General Rules of the board.

The council of the board of trade in this city will meet at 2:30 p.m. tomorrow to take this matter up and any other business that may arise. If any business man has a matter which he considers should go before the Railway Commission, he should attend this board of Trade meeting tomorrow.

ELECTRIC LIGHT EXTENSION

The work of installing the new series arc system of lighting the streets is progressing rapidly. The old multiple arc lights are being removed on Jasper avenue, to be replaced by the new, and new poles are being erected. Three car loads of poles have arrived and they will be placed in position as quickly as possible. One extra light is being placed on the main street between McDougall and Queen streets.

New lines have been erected on May avenue from Second to Tenth streets, and on McKay avenue from Fifth to Tenth streets. A new line will be built over the hill, on McDougall street, to the approach to the bridge over the Saskatchewan, where a new series arc light will be installed. The Westinghouse Electric Co., of Winnipeg, has the contract for furnishing the new lights.

Extensions for the lighting of private residences have also been made on Second, Third and Seventh streets.

There is a continual demand for electric lights and the wires will very soon be found on every street in the city.

BUSINESS RUSHED

PROVOCATION EARLY NEXT WEEK

Hereafter The House May Meet in November and the Fiscal Year End March 31st

Ottawa, July 11.—The House of Commons will hold morning sessions commencing Wednesday and also sit on Saturday, the object being to rush through the work and have prorogation early next week. Mr. Foster moved an amendment against the large amount of the supplementaries but afterwards withdrew it. During the discussion Mr. Borden spoke in favor of changing the fiscal year to March 31st instead of June 30th and Mr. Fielding said he favored it. Mr. Borden also favored the House meeting in November. Sir Wilfrid Laurier supported meeting in November, and changing the fiscal year to March 31st. He said that with an early meeting of the House a revision of the rules and the Government having business ready when the House met, there was no reason why sessions should last over four months. Mr. Borden Minister of Militia made his annual statement, it favoured all men under 21 giving three annual trainings, also the establishment of some military training schools. It was intended to build big gun and explosive factories in Canada. Several orders for big guns were now given. Canada would not make any military or naval expenditures without controlling the same. On account of the tariff Commission being at work it will be impossible to meet next session in November, but the Premier said the following year this would be done.

—Ed. Williams is opening a general store at Vermillion Bridge, a stopping place on the trail to the Landings.

MAKING ONE'S TOILET is a far pleasanter proposition if all the appointments are handsome and convenient. You can have them that way if you say the word. But say it to us.

WE ARE PLUMBERS who make a specialty of good work. We will make your bath or toilet room fit for a king or queen. Sanitary, too; perfectly so. And, as usual, our bill will be so small that you'll doubt our being real plumbers. But we are.

We are sole agents for Sutton Germ Proof fitters.

TUESDAY, JULY 11, 1905.

WHERE THE 'UNEASINESS' IS
Toronto News: That the friends of the Government are uneasy about the West is evident from the denunciations of Mr. Haultain that appear in the party press and the desire to weaken his influence. And "denunciations" of Mr. Haultain that appear in the Liberal press are invited by the challenge issued by that gentleman at the Moose Jaw convention and are inspired by the subsequent unflinching advocacy to the Conservative cause. For a decade Mr. Haultain has been supported in his position not more by Conservatives than by Liberals. Mr. Haultain rewarded this confidence by using his prestige as head of a coalition government to attack the political friends of his associates and supporters. That Mr. Haultain's friends are now strenuously endeavoring to deny that that gentleman has or has had any Conservative leanings does not appear to denote any "uneasiness" on the part of Alberta Liberals.

AN AGGRESSIVE POLICY
The Daily Herald pays this tribute to the active immigration policy of the Canadian Government: "If Minnesota prosecuted a campaign one-half as aggressive as the one Canada has been carrying out, a goodly share of the 75,000 American farmers settling in the Dominion this year would be finding homes in the northern part of this state. Greater efforts should be made to halt some of the migrating farmers this side of the boundary. This is only a hint of the thoroughness and aggressiveness of the Canadian campaign for settlers. The services of American real estate agents throughout the country have been enlisted in behalf of the development of the wheat area of the Dominion. It is perfectly legitimate business for an American to sell land in Canada, but why is there not a greater inducement than there is at present for the real estate agents of the United States to colonize the thinly settled arable sections of their own country?"

A PROBABLE JAPANESE DEMAND
The landing of Japanese forces on Saghalien Island is an indication of one of the terms of peace to which Russia will in all probability be asked to assent. When the present Mikado received the date from his father this valuable island formed part of the Japanese Empire. It was ceded to Russia in 1875 as a supposed means of maintaining a lengthy diplomatic struggle with which the Bear had introduced himself on the Asiatic coast. It has been known however to one of the deepest wishes of the Mikado to regain this island and thus hand down to his successor intact the Empire he received from his father. Aside from the rights which the Japanese feel they have to the island, its situation at the northern end of the sea of Japan makes its possession by a foreign power a constant disadvantage to the Japanese fishing interests and might affect naval bases which would menace Japanese naval supremacy. The return of Saghalien to Japan will therefore in all probability be one of the Japanese demands.

PREPARING FOR THE FRAY

The autonomy bill provides that Provincial elections must be held within six months after the inauguration of the provincial Government on September 1st. The affairs of the Province will in the meantime be administered by the Lieutenant-Governor and an Executive Council. Throughout Alberta politicians and parties are already lining up for the fight and appearances are that the beginning of Provincial Government will also be the beginning of active local politics in Alberta. For many years the local elections in the Territories have been conducted and decided less on questions of public policy than by the personalities of the candidates. No great issues have been before the people and the candidate able to secure the public favor won with comparatively little regard to matters of general policy. The candidate

was considered first and the policy second.

The signs are that the country has grown tired either of the system or the manner of its operation. Two years since the Territorial Conservatives served public notice on the Liberals that they intended to introduce party lines at the next election and it remained only for the Liberals to acquiesce in the election of a Conservative Government or accept the challenge. Somewhat to the surprise of Mr. Haultain and his friends, the Liberals showed a decided inclination to wake up and take an interest in affairs. The Territorial Premier and his conferees had apparently counted on his prestige and his long public experience to win them an easy victory. The progress of time and events, however, have told heavily on their confidence and those who invited the battle are now openly advocating peace. In secret however their plans have not changed nor their efforts slackened. A convention it is understood will be held next month, where the ostensible platform of the party will doubtless be constructed. In the meantime a surreptitious attempt is being made to gain an advantage in certain parts of the Province by conventions at which so-called "independent" candidates are brought out. These gentlemen however turn out to be men who have been known in previous Federal campaigns as strenuous Conservative workers, men with whose names the idea of "independence" would never have been associated save for a purpose. It is further noteworthy that these gentlemen have not so far as learned anywhere given indication of the policy they propose to pursue, their purpose evidently being to gain what they may as "independents," while waiting the formal proclamation of the Provincial party platform. The Liberals in the meantime have not been asleep at the switch. Conventions have been held in several constituencies and Liberal candidates "as such" placed in the field. A Provincial convention has also been called to be held in Calgary on August 3 at which the party program for the Province will be formulated and a Provincial organization formed. Rules will probably be adopted and arrangements made for holding conventions wherever necessary for the selection of satisfactory candidates and such other measures taken as may be thought necessary to enable the party to enter the fight united and enthusiastic.

LUMBERMEN COMBINE

A Calgary dispatch to the Vancouver Province, dated July 6th says: "At a meeting held here yesterday arrangements were practically agreed upon for the formation of a selling combine for the mountain mills of British Columbia. There are thirty-four mills in the upper country whose principal output is shipped to Manitoba and the Territories. It is understood that all but three of these joined in the pool, which is to go into effect immediately. The plan is the result of a decision on the part of a majority of the mills that some such arrangement is necessary to provide against cutting of prices in competition. It is said that an effort was made to get the coast mills to join the scheme or to agree to form a selling agency of their own but objection was taken to this by a number of the coast mills, whose managers wish to carry on their own selling arrangements."

STONY PLAIN

Correspondence.
The Stony Plain picnic held on the 4th was quite a success. Races of different kinds took place in the afternoon, and the evening was devoted to a football match, fireworks and dancing.
Rev. Herman Reintz, the new German minister from Manitoba, is now installed among us. Early in the fall he will open a parochial school for the benefit of the children of his congregation.
Our school is now vacant, as Mr. J. A. Pattullo, our former teacher, has accepted a position at Spruce Grove.
Several people from here visited the fair at Edmonton and report a pleasant time.
Mr. H. Opertshausen is making good progress with his store and dwelling house.
Mr. Jacob Schram has built a new blacksmith shop on the farm of his brother Philip Schram.
Miss Pearl Strong is visiting friends in town.
Mrs. Hugh McLean is renewing old acquaintances here this week.

Dr. Roy.

Dr. Roy, who has been in New York for the last two months wishes to let his clients know that he will be in his office for consultation as before, from 2 to 5 every day.

Gambling at Calgary Fair

The Calgary papers are out after the exhibition association, the mayor and the police force, with charges of permitting gambling devices to be conducted on the grounds during the fair. The Albertan says:

"The police force of the city of Calgary and the management of the Calgary fair are responsible for the disgraceful gambling that has been in progress at the fair grounds during the last few days, and it is due to the mayor of the city to make some explanation upon some few things."

"The police force of this city is guilty of a most flagrant neglect of duty. Not only did they take no action in suppressing the gambling, but they refused to take action, when their attention was called to it, and a demand made that the law should be obeyed. The police absolutely refused to carry out the law."

"The exhibition authorities are equally guilty in permitting gambling on the grounds. They cannot shield themselves behind the excuse that they merely rented the privileges which they possessed. They countenanced gambling on the grounds. They made no protest against it, and they took no action when the citizens demanded that the law be observed."

The Herald hands this to the exhibition people, not missing, of course the opportunity for a kang shot at Edmonton.

"The dissatisfaction expressed by some patrons of the exhibition over the undisciplined gambling permitted all over the grounds is proof that the policy will not be supported in Calgary. It dignifies the places conducted on the grounds to term them 'games of chance.' They are in the hands of the meanest type of tin horns, who bear about as much resemblance to a real gambler as a ham does to a hog. The places being operated at the exhibition where the 'sports' may get action on their money" in the parlance of the craft are skin games, pure and simple. They are surrounded with a cloud of plug uglies and cappers. There are three stool pigeons to every 'pro-dancer' or 'the one' as the fakirs style the men whose money they get."

"The exhibition board has made a mistake. The mistake was in the interest of the exhibition and can be corrected. Since we have had an exhibition of the 'wide open policy' at the exhibition we are forced to confess that it is a dismal failure. It is not sufficient to urge that Edmonton finds the policy remunerative and satisfactory. These skin gamblers are the same that had the Edmonton fair 'fixed.' They are entitled in the north to this kind of sport if they prefer it. In future it will probably be confined to Edmonton. Calgary is too clean and too wise to stand for such a travesty in the name of 'sport.' There are any number of men who would rather donate the \$500 paid for the privilege to despoil the exhibition visitors than to tolerate such a brazen violation of the law."

Western Crop Prospects

The C.P.R. crop report for the past week still holds its strong tone, and there is not a word of complaint from any part of the system. There has been plenty of rain, but no damage and with warm weather some of the fields will soon be in the shot blade. The following is a brief summary of the report:

On the Brandon Section.—Burnside, Hagot, MacGregor, Austin, Rosser and Douglass report that the crops are progressing favorably, heavy rains have done some slight damage, on low lands, but the crops are looking well.

On the Broadview Section.—Alexander, Oak Lake, Griswold, Wapella, Moose Jaw, Stowman and Whitehead, crops are growing rapidly, with favorable weather, and prospects are bright.

Crops on the Moose Jaw section, at Grenfell, Summerberry, Stintalota, Pence and McLean, are growing rapidly, and weather has been favorable, and prospects bright.

On the Swift Current section, at Caron the grain is three feet high. The weather is favorable and no damage from rain. Prospects are bright.

On the Souris section, at St. Claude, Cypress river, Souris, Starbuck and Holland, crops are progressing favorably with no damage from rain.

Crops in the LaRivière section at La Salle, Morris, Rosenfeld, Gretna, Winkler, Morden, Darlingford, Manton, and LaRivière are growing rapidly and farmers are much encouraged.

On the Napinka section at Crystal City, Mather, Cartwright, Deloraine, and Napinka, grain is about 25 inches

high and prospects are bright.

At Emerson and Dominion City, grain is progressing rapidly, weather is favorable and prospects bright. At Brookdale and Wellwood, grain is 14 inches high and no damage from rain. Prospects are bright.

In the Rapid City district the grain is progressing rapidly, weather favorable and no damage. An excellent prospect.

On the Lenore branch at Forrest, Ketnon and Lenore, the grain is 12 inches high, and the crops are looking well, though they need more heat.

On the Estevan section at Lauder, Pierson, Beresford, Hartney and Melita, crops are progressing favorably, and the same applies to Oak River, Hamiota, and Grandell on the Minota branch.

On the Minnedosa section at Macdonald, Gladstone, Keyes, Arden, Neepawa, Franklin, Minnedosa, and Westbourne, the grain is from 20 to 24 inches high, and prospects were never brighter.

The Yorkton section is also looking well. At Newdale, Strathclair, Shoal Lake, Birtie, Russell, Binscarth, Yorkton and Langenburg, the grain is growing rapidly, and farmers say that prospects were never better for a heavy crop.

On the Pheasant Hills branch at Lipton, Talarces, Abernethy, Lemberg, Neudorf, Esterhazy, Tantalion, Roseville and Kirkella, grain is progressing rapidly, though warm weather is needed. Prospects are 'bright.'

On the Arcola section at Pipestone, Reston, Antler, Manor, Carlyle and Arcola, everything is looking bright and some crops are heading out.

The Portal section crops at Hanley, Davidson, Duck Lake, Rosthern, Francis, West Prince Albert, Fillmore, Dundurn, Forget, Chamberlain, Howard, Osler, Lumsden, Craik and Saskatchewan, grain is from 15 to 35 inches high; heading out well in some localities. No damage is reported.

On the Teulon branch at Stony Mountain, Teulon and Stonewall, crops are progressing favorably, and prospects are bright.

People in the neighborhood of Calgary and Edmonton who are in need of a

Cooking Range, Heater, Wood Cook Stove, or Warm-air Furnace

will do well by seeing the line of goods manufactured by the Guelph Foundry Co. of Guelph, Ont., and for sale at the Warerooms of The McDONALD SIMPSON Co., Calgary.

This firm will have complete control of the sale of the famous Grand and New Idea Cooking Ranges, which are fitted with duplex grates, to burn soft or hard coal and wood, the New Idea Hot Blast Heater, just the thing for front hall, dining room, parlor or sitting room. The New Idea Wood Cook with large oven, the celebrated Kelly Furnace, for burning hard or soft coal and wood, made in four sizes to suit size of house.

Nothing worries the house-wife who possesses a GRAND IDEA RANGE. She knows that this range can be relied upon to do its work perfectly.

No poor results from baking. No big drain on the coal bin. No getting up in the morning to find the fire out.

GRAND IDEA RANGES are made in four sizes and sixteen styles. They are beautifully nickled and are built to satisfy. Burning hard or soft coal and wood.

"BUY THE GRAND IDEA RANGE" "THE RANGE THAT NEVER FAILS" FOR SALE BY THE

Barley—No. 3, 40c per bushel, carlots on track, Winnipeg.

PIANO RECITAL

Winnipeg Telegram: One can easily understand why Mr. Tripp is such a general favorite in Toronto, as he certainly proved himself a master of the instrument last night. He is a most sympathetic musician. Although his playing is marked with clean and convincing technique, he interprets his lighter selections with the delicacy of Hadewski. Mr. Tripp can apparently be classed as one of Canada's greatest pianists.

Mr. Tripp will give a recital in McDougall church on Friday evening in aid of the organ fund.

NEWSBOYS APOLOGISED.

An amusing incident happened in Brandon in connection with the recent trip of the Washington correspondents. The party wired Brandon of their intention to visit the city and were notified that they would be met and driven over the town. When they arrived, however, nobody met them, and they were allowed to find their way about as best they might, the town having refused to put up for the necessary rigs.

When the correspondents were assembled at the station to take leave of the place they were waited upon by a detachment of newsboys of the city who met the press men to apologize for Brandon's failure to entertain them.

The party also wired Moose Jaw that they would spend Sunday in that town and would like to drive about the place. They received a return message from the secretary of the board of trade that they had decided to show the American newspaper men

what a genuine Canadian Sunday was like, so they had arranged for the party to attend church and had also arranged for all the town ministers to each address the assembly for ten minutes. The correspondents did not stop.

—Mackay, Alta., July 6.—A thirteen-year-old boy named Fred Johnson went swimming in the lake on Tuesday and was drowned. A boy of the same age was with him, but was unable to render any assistance. The neighbors were absent attending the Mackay celebration, and it was some time before the alarm was raised. Ever since a large party has been working to secure the body, but up to the present all attempts have failed to locate it. The lake bottom is a mass of water-weeds, through which it is impossible to drag. Detective-Sergeant Piper, R.N.W.M.P., and a police party are on the scene working with the citizens. It is thought that the boy became entangled in the weeds, and being unable to extricate himself, became exhausted in his struggles for life.

MISCELLANEOUS

TO SEWER CONTRACTORS.

The conditions under which my

Pharaoh Cigar

is made are ideal.

We have a contented little community of our own, that is not worried by outside conditions. The wholesome, country-town life that we live, tells in the quality of our work.

Every employee in my factory has his whole heart in his work. From the oldest workman, who started with me when I had a small room for a factory, a big bunch of enthusiasm and a high idea of quality, down to the lad who just joined us the other day, every one is putting the best that is in him into his work.

Under such conditions it is no wonder that my Pharaoh is the best ten cent smoke on the market. We are all working with the one object—to produce the best cigar possible.

I go to Cuba every year and buy the best tobacco produced. I know that every leaf that comes to my factory is right. My workmen see that every roll they give it will help make it a perfect, even-burning smoke. Its a combination that's hard to beat.

None genuine unless branded "Pha-roh." Price 10 cents.

LACROSSE TEAM TOUR

Arrangements are about completed for a tour of the local lacrosse team early in August to Southern Alberta points. Games have been practically arranged with Calgary and Lethbridge and more may be added to the program before the date fixed.

PERSONAL

J. E. Graham is in Calgary.
W. H. Cushing came up from Calgary yesterday.
E. E. Lessard and family leave tomorrow on a trip to the East.
The Misses Webster and the Misses Belcher are camping at Gull Lake near Lacombe.
L. Goodwin came in from Point Du Rite on Saturday and will visit friends in the city and his brother Dr. Goodwin of Vegreville.

HOW IT HAPPENED.

Alberta: "Saturday was a sad and sorrowful afternoon."

To see the home team beat by any team, at any time, is something to be sore about. To see the home team beaten twice in a contest of three games is exasperating, but add to that that the vanquishers are from the despised Edmonton and you have the cup of sorrow slopping over in pallidness.

"There may be some extenuating circumstances, but the sting remains. One man will rise up and tell you that Calgary was pitted against Edmonton and Wetaskiwin, and that the Wetaskiwin end of the combination did the trick. They will also point out that Calgary and Edmonton have met four times during the season and that each team has won two games. But that hardly answers the purpose. Calgary should have a half team that is superior to any other team in Alberta, and superior to any combination of teams outside of Calgary.

"It was Wetaskiwin Pittman that did the trick. He had a ball that the Calgary men could not hit and he used it with great persistence. The ball did not seem to have very much to it, but it went with considerable speed and very remarkable

obstinacy. The fact of the matter is that the Calgary men battled with very little head. It is not necessary that the batter should drive the ball into the river to get runs, but it is necessary that something better than a strike out be performed if runs are to be scored."

CONSERVATIVE CANDIDATE

The Conservatives of Edmonton met in convention last evening and nominated Mr. W. A. Griesbach as Conservative candidate. To the Bulletin Mr. Griesbach said he was running as a straight Conservative candidate and was opposed to a non-partisan government for Alberta. The convention adopted a set of resolutions which we will publish in tomorrow's issue.

The News In Brief.

William Schulke of Muscatine, Iowa, dislocated his jaw, while gaping after a short nap. It took three doctors an hour to replace it.

It is rumored that Hon. John Cowan will be raised to the Senate this week. There is a rumor that Mr. Blair may run in Victoria county. The autonomy bills will probably occupy two days in the senate.

Wright's saw mills at Moncton, N. B., were destroyed by fire yesterday, loss \$15,000.

To Ladies and Mothers

Mrs. Astley will open in the Degrandeffer Block opposite the H. B. Co's. store on Saturday July 15th. Orders for bridal outfits, housekeepers outfits and every description of plain sewing will be taken and promptly executed on the premises, after July 15th, opening day.

Mechanics, Farmers, Sportsmen: To heal and soothe the skin and remove grease, oil and rust stains, paint and dirt, etc. use The "Master Mechanic" Tar Soap. Albert Tolle, Soap Co. Mfrs.

MADE BY HAND

I HAVE each Pharaoh cigar rolled by hand! I do this in order that the leaves that go into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicuragua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

J. Bruce Fay, LIMITED
GRANBY, P. Q.

None genuine unless branded PHA-RO

The Cream Separator that is the Cheapest in the End.

There are some folk who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

DRANK CARBOLIC ACID.

Niagara Falls, July 11.—George D. Nast, a plumber, suicided by taking carbolic acid. He asked his wife to give him a glass of water, and as she turned to get it, he said, "Good-bye, Jessie" and drank the acid from a bottle.

WINNIPEG STREET CAR ACCIDENT.

Winnipeg, July 11.—Anthony Signot, a German laborer, fell under a street car near Elm Park last evening. His body was so bulky as to throw the car off the track. He was so badly injured he may die. Both legs and one arm were broken, as well as other injuries sustained.

BALL GAMES.

Winnipeg, July 11.—Ball scores, Du-luth 8, Winnipeg 5; Superior 6, Grand Forks 1; Fargo 5, Crookston 2.

Railroad Work Delayed

The rains of the last few weeks have been a source of considerable delay in railway construction work. This applies more particularly to points where grading is in progress, for the soil became so heavy from the continual soaking that it was almost impossible to work it. In spite of the drawbacks, good progress is being made, and with favorable weather from this the total mileage for the season will compare favorably with last year.

On the new Winnipeg-Regina branch of the C.P.R., grading has been carried on for twenty-three miles out of the latter town and the steeling will be put on within a few weeks. Survey parties are out locating the new line east and west from Saskatoon, and tenders will be called for shortly. The eastern extension of this line will connect with the Pheasant Hills branch, which at present is almost ready for operation as far as Strassburg. It taps the country lying between Last Mountain and the lake of the same name. Work is progressing slowly on the second section of the new line east from Wetaskiwin and Lacombe. The first sections on these branches, each of which is twenty-five miles in length will be ready for operation by the time they are needed for handling the fall crops, but the second sections, which are the same length, will not be ready till next season.

In the mountains there is also considerable activity, and there the weather has not proved so great a disadvantage. Good progress is being made on the York line, which connects with the Crows Nest Pass route, and active work is being carried out on the line which will run into the Similkameen country. This line is being built by a separate company, but a C.P.R. engineer is on the ground overlooking the construction.

PRESBYTERIAN EAST END MISSION

A meeting was held in the Presbyterian church last evening to hear the report of a committee appointed by the congregation in January last to look into the matter of an east end mission, and secure a suitable site. Mr. Short presided, and Rev. Dr. McQueen, on behalf of the committee presented a verbal report. A number of excellent sites had been placed at the disposal of the committee, but the one which was recommended by the committee to the meeting last evening is composed of Lots 112-113, River Lot 8 on Sutherland street between Queen's avenue and McDougall street. A general and comprehensive discussion followed the committee's report, and a motion to adopt the report was carried unanimously. The site thus selected is a very suitable church site, having a frontage on three streets with a lane in the rear. A building committee was also appointed, consisting of Messrs. Cameron Anderson, R. J. Williamson, D. McLaren, W. E. Wilson and Wm. Hope. This committee will proceed at once to secure subscriptions for the purchase of the lots, and the erection of a neat and commodious building. Several liberal contributions have already been tendered, and the new mission will assume its responsibilities under very auspicious circumstances. The young missionary who has been appointed to the charge of the mission, is expected to reach Edmonton shortly and will enter upon the work at once.

AN ALBERTA MISSION

Miss Edwards gave a very interesting Methodist mission at Paken, at the Methodist mission at Paken, at the Epworth League mission at McDougall church last evening. This mission work has begun one year ago and is in charge of Miss Edmonds and Miss Munro. They began their day school on the first of November, and for a few days only one scholar put in an appearance, but the attendance gradually grew until they had between fifteen and twenty, every day.

Miss Edmonds speaks quite enthusiastically of the eagerness of these people to have their children get an education. The result of this mission work has been to Canadianize these people to a great extent. They are becoming anxious to dress like Canadians, to get an education, to engage in farming and in every way become like other settlers in the country.

The settlement at Paken is largely composed of Ukrainians who belong to the Orthodox Greek church, but do not take unkindly to Methodist teaching.

The young ladies who have undertaken this work are kept busy with day school five days in the week, a sewing school for women and girls on Saturday, night school for the young men and women on Monday, and Friday evenings, instruction for themselves in the native language of the people three other evenings in the week, and Sunday school and Bible class on the Sabbath.

The mission has been established under the auspices of the Women's missionary society of the Methodist church in Canada and would appear to be a successful and commendable work. These teachers in charge seem to minister to the spiritual, intellectual and physical well being of the community, as they dispense simple remedies in case of sickness in the neighborhood, and in some cases they have had invitations to encroach on the work of a veterinary surgeon, as one request was to cure ring worm on cattle.

Miss Edmonds's address last evening was listened to with considerable interest by all the people the room would accommodate. She is quite hopeful for the future good citizenship of these people, finding many of them bright and anxious to get along. She expects before very long that the people of the settlement will themselves erect a new public school for the better education of their children.

ELUDED CAPTURE

INDIAN MURDERER AT LARGE

Possessing Unearth Bennett, the Ontario Criminal, but he Again Escapes and is in Hiding

Brantford, July 11.—A persistent search of more than a hundred men for Jos. Bennett, the Indian who murdered Betsy Jacobs, resulted in driving the fugitive from his hiding place in the bush. He was unearthed by a posse four miles from Caledonia and was chased a distance of several miles in the direction of that town, but again eluded capture and was last seen in a large bush where he is believed to be hiding. It is said that he is armed with revolvers and ammunition. All means of escape have been cut off, with the result that Bennett must either starve to death in his hiding place or sally forth and give himself up.

News in Brief

Seven conductors have been ordered dismissed by the C.P.R. management.

A Winnipeg contractor has taken out permits to build 41 houses, and intends to build over 90 this year.

The Winnipeg Central Congregationalists will enlarge their church to seat 2,106. The cost will be \$27,000.

Fourteen men were burned or overcome by smoke, some fatally, in a fierce fire at Hudson and West Ninth streets, New York.

At London, Ont., a trailer crashed into a street car full of passengers on the Stanley street hill. Many men were injured, Fred Gilhoon is dead.

The Associated Press has high military authority for the statement that Sweden is taking precautionary measures on the frontier to offset the reported threatening attitude of Norway.

Col. Wm. Gorman, chief sanitary officer of the canal zone, has informed the Associated Press that since June 25 there has not been a case of yellow fever in the city of Panama, and only one at Colon. Sanitary conditions have been much improved by a general fumigation and the rainy season, which is now in full force.

The House of Commons went emphatically on record against the British embargo on Canadian cattle. Mr. Fisher said it was working great injury to the trade of the Dominion and the Motherland, and its removal would promote imperial unity. In adopting the report of the agricultural committee, the House heard strong statements against the British action.

The following are the weekly bank clearings, as compiled by Bradstreet for the week ending July 6, showing per centage of increase and decrease as compared with the corresponding week of last year:

	Inc.	Dec.
Montreal	\$2,781,677	36.5
Toronto	2,197,225	21.0
Winnipeg	7,892,733	37.2
Ottawa	2,274,967	6.5
Halifax	2,241,962	5
Vancouver	1,852,700	34.7
Quebec	2,156,855	5.1
Hamilton	1,340,068	14.5
St. John N.B.	992,148	4
London	1,962,997	15.2
Victoria	4,808,577	71.9

Minneapolis is threatened with a flood. With the water standing at 13 feet 2 inches, a current began moving through the mighty log jam at Camden in North Minneapolis, and expert logging men now believe that the jam will not break. Should it do so the rush of the pent-up water, and the immense mass of logs now estimated is nearly 150,000,000 feet, will in all probability tear out every bridge in Minneapolis, and destroy hundreds of houses along the Mississippi flats. The Camden Place pumping station, which up to a month ago was the main source of water supply for the city of Minneapolis is closed, the rising waters finally putting out the fires.

—There have been 149 dog tags purchased this year so far, but quite a few curs are going tagless yet.

—Joseph Sawyer, of Athabasca Landing, got too much fire water yesterday and flourished a knife. This morning he said he didn't know what he was doing, but was glad that he hurt no one. He has \$5 less to spend now, as he had to leave that amount with the Chief at the request of the Police Magistrate.

LOCAL

—The annual picnic of All Saints Sunday school takes place on Thursday.

—The St. Andrews Brotherhood met in All Saints school room last evening.

—Indians in the vicinity of Two Lakes are reported to be killing moose contrary to law.

—The Chinese stealing case against Wong Foo comes up again in the police court this evening.

—Full court opened in Calgary today. Judge Prendergast and Judge Scott went south yesterday to attend the sitting.

—A case of non-payment of wages was settled this morning in the police court by the defendant paying the wages with costs.

—There will be a special meeting of the choir of McDougall church this evening. A full attendance is earnestly requested.

—Reports from the Horse Hills district are most optimistic. Crops of all kinds are far advanced for the season and with favorable weather a splendid harvest is assured.

—The Capitals go to Fort Saskatchewan to play ball tomorrow. The game promises to be a good sample of ball as each team is admitted to know how to play the game.

—John Stocks, Deputy Commissioner of Public Works, of Regina, is in the city. He is on a tour of inspection, visiting some of the principal government works in this district.

—H. Wapshutt, who was running a "three-balls-for-a-dime" game at the exhibition, assaulted a lad named McLeod. It cost Wapshutt \$8.50 in fine and costs this morning for abusing the boy.

—The line-up of the home team in the lacrosse match this evening will be as follows: Harper, goal; Morris, point; Glas, cover point; McQueen, first defence; Walsh, second defence; Cook, third defence; Banford, centre; Thom, third home; Blewett, second home; Kerr, outside home; Harris, inside home.

—The Bible Society's Agent in Japan reports that the circulation of the Scriptures in that country last year far exceeded all previous records. In addition to the 239,000 copies given to the Japanese people, the actual sales by the British Bible Societies amounted to no fewer than 102,896—an increase of 19,489 on the sales of the previous year.

—Reid and Scammon have recently received the bike sulky and set of track harness won at the ice races held by the Edmonton driving club last winter. Both the sulky and harness are Al and Messrs. Reid and Scammon wish to thank the club for the handsome manner in which they carried out the promise made in their list of awards at the meeting.

—Mr. John A. Meltae, of this city, died very suddenly of heart failure, yesterday morning. His death was a shock to his family, as it was entirely unlooked for. Mr. Meltae was only 39 years of age and leaves a wife and one daughter. The remains are being taken to Lancaster, Ont. Mr. Meltae's former home, for burial. The deceased was a member of the Presbyterian church.

—The silver cup, won by the base ball boys, is on exhibition in the window of Rayner's jewelry store. It is quite a large and handsome piece of silverware. A couple of bats and a miniature ball form the principal decoration, and both handles are surmounted by beavers, probably as a reminder of the diligent work required to win it. The boys have reason to be proud of their trophy.
